Map Information
A new Forest Fire broke out in Gatova on 28/06/2017, Valencia. Several areas across Spain have been put on high alert and fire risk due to the continued heatwave.
The present map shows the fire delineation in the area of Soneja (Spain). The thematic layer has been derived from post-event satellite image by means of visual interpretation. The estimated geometric accuracy is 5 m CE90 or better, from native positional accuracy of the background satellite image.
